EXPERIENCES

● Junior Backend Developer (2023)
Internship

During my time at Intelliseven, I spent 300 hours
building backend and some frontend projects. I
concentrated on enhancing the Daily Time Record
system, which deepened my expertise in backend
development, specifically using MongoDB as
the primary database.

● Junior FullStack Developer (2023)
School Project

Revolutionary Web Control System: Perfect 100 with
Arduino Integration! Experience the extraordinary
achievement of our web control system, flawlessly
linking with Arduino to set new standards in
efficiency and performance. Using Bootstrap as
frontend, NodeJS-Javascript as Backend and C++ in
Arduino

EDUCATION

● Bachelor of Science Information Technology (Present)
Quezon City University SB Campus (2019 - Present)

● TVL - ICT PROGRAMMING SHS
AMA Tacloban Colleges, Tacloban City (2017 - 2019)

● ICT - High School
Tanauan National High School (2012 - 2017)

Personal Information

March 8, 2001	Male	Filipino
Date of Birth	Gender	Nationality

References

Rev. Fr. Daniel Allan Samonte
St. Peter Parish Church, Quezon City

Lalaine Josefa L. Carrao, LPT, MSIT
Instructor, IT Department QCU, Quezon City

Profile

Experienced in various programming
languages like React, Vue, and
currently exploring Angular.
Skilled in backend development using
Node.js runtime and JavaScript as my
primary language. Passionate about
**coding, constantly learning, and
dedicated to delivering quality
service as a Developer**

Certificates

● Tesda NC III
Bookkeeping (2019)

● Tesda NC II
Contact Center Servicing (2019)
Certificate of Recognition:
Commendable Performance -
Best Call Center Agent
